Recommended Vaccinations*

	Name of Administrator	Completion Date
Eastern & Western Equine Encephalomyelitis	_____	_____
West Nile Virus	_____	_____
Tetanus	_____	_____
Rabies	_____	_____

* If home vaccination is completed, the receipt of purchase and the label from the vial (s) must be attached to this form. Your veterinarian is the best way to ensure horses are vaccinated for appropriate disease risks and make certain the vaccines are handled and administered properly. Improperly handling vaccines can become ineffective or even increase risk of side effects.

These are the core vaccine recommendations provided by the American Association of Equine Practitioners (AAEP).

Please keep a copy of this record for future reference.

The Ohio State Junior Fair Horse Show requires a Coggin's Test in the current calendar year in order to show

Recommended Vaccinations/Procedures:

Upon consultation with a veterinarian and an evaluation of risk, the following vaccinations/procedures are recommended:

- | | |
|----------------------------------|---|
| 1. Rhinopneumonitis/EHV Type 1&4 | 5. Rotavirus |
| 2. Equine Influenza | 6. Potomac Horse Fever |
| 3. Strangles | 7. Fecal Egg Count - to determine level of parasite infection. |
| 4. Botulism | <small>This should be used to determine appropriate de-worming protocols.</small> |

I hereby certify that the horse/pony described on this form has met the above requirements and that the form is complete & accurate.
